ABOUT TONIGHT'S SHOW

You are about to see a series of musical comedy songs that I have written from shows that do not exist. Whether you've seen a million Broadway shows or have never stepped foot into a theater before, I will serve as your tour guide as we walk through the **ANATOMY OF A MUSICAL**.

What makes an Opening Number, an "I Want" Song, or a silly musical theater trope?

It's a musical about musicals.

It's a Nerd, It's a Bird, It's Jared!

Sit back, relax and enjoy the show!

Warmly,

Jared B. Goldsmith

WHO'S PLAYING WHO?

Jared B. Goldsmith (*Writer / Performer*) was the nerd in *Dear Evan Hansen* on Broadway and the bird in *The Little Mermaid* at Paper Mill Playhouse, so naturally he wrote a show called *It's a Nerd, It's a Bird, It's JARED*.

Other credits include *Little Shop* (5 Star Theatrical), *Better Nate Than Ever* (Disney+), *SNAP* (AMC), *The Music Man*, *9 to 5* (Flat Rock Playhouse), and narrator of *My Weird School* audiobook series.

As a songwriter and digital creator, Jared has built nearly 1 million online followers, with viral hits like his remix of “Lemonade” and *The Sephora Girls Musical* series. His work has attracted partnerships with brands including Peacock, Adobe, CarMax, and Maybelline.

As a comedian, he's shared the stage with Gianmarco Soresi, Alex Edelman, Jim Gaffigan, and Jerry Seinfeld (no, really).

He's also written **several** original musicals you'll be seeing soon.

BFA: Elon University, Cum Laude if you care.

Stephen Sockberg (*Special Guest*) Sockberg comes straight from the third drawer from the left. Sockberg makes his NYC debut tonight. Please don't judge him for the crooked tooth in his mouth that looks like a cigarette. Sockberg auditioned for a production of *Avenue Q* but was rejected. Sockberg has helped Goldsmith write many of Jared's creations.
